For the fourth consecutive year, Stagecoach Co. Wine Tours, Inc. wins TripAdvisor's prestigious Award of Excellence for being the top attraction for activities in the Santa Ynez Valley. Less than 10% of the businesses listed world-wide on Trip Advisor receive this accolade in any one year.

Stagecoach Co. Wine Tours, Inc. was created in December of 2001 by Eric John Reynolds and has steadily expanded through the years. It leads the travel industry in offering fun and educational wine tours with experienced tour hosts in the Santa Ynez Valley. Eric, a Valley resident and Santa Barbara native, birthed his company from a love of the local wine culture and a strong passion for travel. The first wine tour company to be founded in the Santa Ynez Valley, Eric has been a pioneer in popularizing Santa Barbara County Wines.

Long time friend and collaborator Tyler Tomblin joined forces with Eric in 2010 due to the heavy demands of the growing business. Serving as directors on several of the following organization's boards intimately connects both Eric & Tyler to the area and other local businesses:

Santa Barbara Conference and Visitor Bureau
Solvang Chamber of Commerce
Santa Barbara Chamber of Commerce

Both Eric and Tyler are thrilled to have received this honor from TripAdvisor, particularly as it serves as a reflection of guest reviews. "We are proud to have once again received the Award of Excellence," said Eric. "It clearly reflects how we run our business and how we care for our guests experience when they are here."

Stagecoach Co. Wine Tours, Inc. is the preeminent wine tour experience in the Santa Barbara Wine Country. Founded by Eric John Reynolds in 2001, the wine tour experience is unparalleled by any other in the area due to a strong attention to detail, education of the wines and familiarity of the area.
